THE BEST THING ABOUT A VACATION  
IS GETTING AWAY FROM EVERYTHING ELSE...

# A B O U T

Establishing his roots in 1983, Mr. Kadir Turhan constructed his first gulet at 16 meters length with dreams of starting his career hosting Blue Cruise yachting.

With growing interest and success, there began a constant renewal of gulets until today totaling 9 with the latest addition being the famous Mare Nostrum built in 2008. This gulet is considered to be one of the top charter gulets in Türkiye.

Run by family members and holding the flag high as a successor, son Galip Turhan has taken over the role. Our success in the development has mainly derived from our guests' expectations rather than our personal gains.

# CABINS

A high-quality photograph of a yacht's interior cabin. The room features extensive dark wood paneling on the walls and ceiling, with recessed lighting. A large, low-profile bed with a light-colored base is the central focus, dressed in white linens and a beige throw blanket. To the right, a wooden nightstand holds a lamp and a small vase of flowers. A doorway on the left leads to another part of the yacht. The overall atmosphere is one of luxury and comfort.

DINING

Fine dining on a sailing yacht  
is a luxurious once in  
a lifetime experience...

## EXPERIENCE

An aerial photograph of a two-masted wooden sailboat sailing on vibrant turquoise water. The boat is moving from the bottom center towards the middle of the frame, leaving a white wake. In the background, several small, rocky islands with sparse green vegetation are scattered across the water. The water's color transitions from a deep blue in the foreground to a lighter turquoise near the islands. A large, stylized white 'M' logo is positioned in the upper center of the image.
